

# 12<sup>th</sup> National & 3<sup>rd</sup> International Conference of Botany

Pakistan Botanical Society (PBS) is one of the leading societies that aim to cultivate, Promote and disseminate the knowledge of all the branches of plant sciences.

In addition, it aims to undertake activities which are conducive to or necessary for the fulfillment of these objectives and cooperate with other organizations having similar objectives. PBS provides an opportunity to active research workers to present their results and generate discussions for further planning of their research. PBS also publishes bi-monthly Pakistan Journal of Botany. Ever since its inception in 1968, PBS has grown steadily over the years and has now memberships of plant scientists working in all provinces of Pakistan and abroad.

One of the major activities of the Society is to organize a National and International Conference each year. So far the society has successfully organized 11 national and two International Plant Scientists Conferences. Twelfth National and 3rd International Conference of Plant Scientists is planned from September 1-3, 2012.

This time conference shall be organized at the Quaid-i-Azam University Islamabad Pakistan. The Quaid-i-Azam University is rated as one of the top public institutions of higher education in Pakistan which has a well-qualified team of teachers and researchers and state of the art laboratories and library. More than 80% of the teachers hold doctoral degrees with experience of working in renowned universities of the world. The University has the distinction of having a large number of distinguished scientists and educationists as its faculty members.
